Frequently Asked Questions

Account Balance
\$35.50

Add Funds

How do I order lunch for my child?

The Lunch Box Program menu for the current month will be posted on our website at www.lunchboxprogram.com. If you are a new user, you will select "Log In/Register, and create an account." You can create an account without uploading a balance, however, the easiest way to order is to add funds to your account before making a purchase. Our accounts act similar to EZPass, where you order, the balance clicks down. Once you have an account, you will select "Order Online."

What happens if my credit card information does not go through?

This is a frequent issue. Check that the address in the Lunch Box Program system matches the address on your credit card. If these do not match, the payment will be declined. Also, check the expiration date. If all else fails, call (410) 667-1100 and ask to speak to a Lunch Box Program representative.

How often do I have to order?

Is it safe to order on-line?

How will I know what days are available for my school?

How can I reach someone at the Lunch Box?

In case of inclement weather, is Lunch Box canceled?

Do we use peanut oil to cook our products?

What should I do if my child is allergic to certain foods?

What happens if my child is sick?

What happens if I forget my password?

What happens to my balance at the end of the year?
