Nutritious school lunches have never been easier

What started 20 years ago as a lunch program to serve one small private school has evolved into our mission: to serve the highest quality, healthy and appealing lunch for children across the state. As a family-owned company, our employees are the parents, grandparents, and loved ones of our own children. We believe in the positive impact nutritious and delicious meals will have in their development.

Today we service 28 schools and offer an affordable variety of 60+ hot or cold menu combinations; including kid favorites: Mac & Cheese, BLT Croissants, French Toast & Sausage and Boneless Wings. Whether your child prefers limited menu items or enjoys a wide range of options we look forward to serving your children a well-balanced school meal they are sure to enjoy.

Frequently Asked Questions

How do I order lunch for my child?

The Lunch Box Program menu for the current month will be posted on our website at www.lunchboxprogram.com. If you are a new user, you will select "Log In/Register, and create an account." You can create an account without uploading a balance, however, the easiest way to order is to add funds to your account before making a purchase. Our accounts act similar to EZPass, where you order, the balance clicks down. Once you have an account, you will select "Order Online."

What happens if my credit card information does not go through?

This is a frequent issue. Check that the address in the Lunch Box Program system matches the address on your credit card. If these do not match, the payment will be declined. Also, check the expiration date. If all else fails, call (410) 667-1100 and ask to speak to a Lunch Box Program representative.
